

ATHS E140

3:30-4:30 p.m.

Tuesday, March 26, 2013

How would YOU like to be a

Virtual Systems Engineer

Network Consulting Engineer

Systems Engineer

Customer Support Engineer?

Join Penn College alumni Joshua Stoner, Sean Timm, Louis Lowther, Bill Schrader and Joshua Rudock for a Teleconference event and find out what it takes to be one and how to get there. They will share their experiences as Penn College students first and then as employees of Cisco Systems, Inc. Gain their insights on how to make the best of your college experience to get the maximum benefit from your investment. Their unique experiences will help you prepare for that dream job and focus on how to fulfill your career aspirations after graduation.

These grads hold a variety of positions that will give you a preview of what to expect during job interviews and how to “close the deal” on your employment opportunities.

For a preview of the kinds of positions that will be discussed, check out these links:

This event is sponsored by the Cisco Networking Academy at Penn College, which offers classes in preparation for the Cisco Certified Network Associate (CCNA) and CCNA Security certifications. For more information on the CCNA and CCNA Security certifications and how to schedule for classes, contact Jeff Weaver at jweaver@pct.edu or Lisa Bock at lbock@pct.edu.
