

PENN COLLEGE PRIDE ENGAGEMENT SERIES

EVERY YEAR INCREDIBLE ACCOMPLISHMENTS

are realized across campus. Renovations are unveiled. Fresh initiatives are launched. Student experiences are enhanced. Together, we move mountains.

New for the 2022-23 academic year is a lineup of professional development offerings designed to stoke pride in our collective efforts and bring us together to celebrate our shared purpose—to transform tomorrow.

Sessions will be announced via CollegeWire as Professional Development. Registration through EIS is required as capacity is limited. Receive 1.5 non-credit professional development hours per session.

Interested in hosting a future engagement session to highlight your area on campus? Are there areas you would like to learn more about?

Contact us at peopleandculture@pct.edu.
